Kampgrounds of America Welcomes Hog Rally Participants

BILLINGS, MT (August 15, 2007) – Kampgrounds of America is one of the sponsors for the 24th Annual Club Hog Down Home Rally, taking place August 24 – 25, in Knoxville, Tenn.

Known for convenient locations, safe and secure parks and great amenities, KOA is also the perfect place for motorcycle enthusiasts.

On top of great RV sites, KOA's cozy Kamping Kabins, Kottages and Lodges and grassy tent sites make traveling by motorcycle even easier.

Each of the Kamping Kabins, Kottages, and Lodges represent the best of both worlds. Great rides during the day and relaxing nights spent out of the elements. Just unroll your sleeping bag and kick back in comfort.

Convenient? You bet. Our Kamping Kabins, Kottages, and Lodges are camper ready, making it easy for even the novice camper. Enjoy a warm and peaceful camping experience in the privacy and security of your own unit.

There are more than 5,000 units located at KOA campgrounds throughout North America.

KOA also offers a wide selection of spacious, level tent sites with picnic tables, water spouts and fire pits. Clean restrooms and showers are a must-have if you are tent camping, something you'll find at your favorite KOA! After an exhilarating day spent cruising the highway, enjoy a steamy hot shower in a sparkling clean restroom - then snuggle up around a crackling campfire.

Visit www.koa.com to see floor plans, 360° views of the interior and even make your reservation on-line.
